Ranking Member  
Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Vallemar Water and Sewer Relocation project in Fiscal Year 2027. The entity to receive funding for this project is the Montara Water and Sanitary District, located at 8888 Cabrillo Highway, Montara, California 94037. The funding would be used for relocating water and sewer pipes away from an eroding Pacific Ocean cliff. The project is an appropriate use of taxpayer funds because it will benefit public health and safety by moving critical infrastructure away from the unstable and eroding Pacific Ocean cliffs, secure water-sewer separation, satisfy cross connection requirements, increase water flow for fire protection needs, replace vulnerable undersized highway crossings.

The project has a federal nexus because the funding provided is for purposes described in the Coastal Zone Management Act of 1972 (16 U.S.C. § 1451 et seq.).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sam T. Liccardo  
Member of Congress
