Dear Chairman Simpson and Ranking Member Pingree,

I write to request \$1,000,000 in community project funding for the City of Pacifica for stormwater improvements in the Clarendon Road drainage area. The Clarendon Road drainage area is one of Pacifica's most chronic flooding locations and is identified in the City's 2022 Storm Drain Master Plan and 5-Year Capital Improvement Program. Existing conditions at the Laguna Salada outfall routinely threaten nearby homes, businesses, and public access during storm events. This project will complete design, permitting, and construction of major stormwater improvements, including a new permanent pump station at Clarendon Road and Lakeside Avenue, approximately 900 feet of 36-inch force main and improved outfall, and replacement of 700 feet of undersized storm drain near Brighton Road with a new 24-inch pipe. These improvements will reduce chronic flooding, protect public infrastructure and private property and improve public safety.

Agency: Environmental Protection Agency  
Bureau/Component: State and Tribal Assistance Grants  
Account/Program: Clean Water State Revolving Fund

Thank you for your consideration of my request as you prepare the Interior, Environment, and Related Agencies appropriations bill for Fiscal Year 2027.

Sincerely,

Sam T. Liccardo  
Member of Congress
