Dear Chairman Rogers and Ranking Member Meng,

I write to request \$5,102,175 for the Sewer Authority Mid-Coastside to reduce the risk of catastrophic failure resulting from storm induced flooding at their wastewater treatment plant. The project will relocate the plant's electrical equipment to higher ground to prevent discharge of raw sewage into the Pacific Ocean in the event of a catastrophic power loss.

Agency: NOAA
Bureau/Component: Operations, Research, and Facilities
Account/Program: Coastal Zone Management

Thank you for your consideration of my request as you prepare the Commerce, Justice, Science, and Related Agencies appropriations bill for Fiscal Year 2027.

Sincerely,

Sam T. Liccardo
Member of Congress
