Dear Chairman Womack and Ranking Member Clyburn,

I write to request \$490,000 in community project funding for the City of San Jose's Fire Station Alerting Network Resiliency project. This funding would be used to replace aging, end-of-life routers used in alerting and emergency communications with modern hardware in all 34 of the City's Fire Stations, which cover 200 square miles. The upgrades ensure reliable, secure, and resilient network connectivity for emergency dispatch, station alerting, and other operational systems critical to public safety.

Agency: HUD/Community Planning and Development  
Bureau/Component: Economic Development Initiatives  
Account/Program: Economic Development Initiatives

Thank you for your consideration of my request as you prepare the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies for Fiscal Year 2027.

Sincerely,

Sam T. Liccardo  
Member of Congress
